## Discussion

### Censorship

[WASH](#): Joey and the co-hosts give their opinion on Elon Musk purchase of Twitter.

[FORB](#): Joey talks about how Elon Musk Helps Actress Gina Carano Sue over 'free Speech' after 'Mandalorian' Firing.

[NBC](#): Joey and the co-host give their opinion on social media censorship, with regards to facebook removing posts from people who were saying covid was a man made virus.

### Misinformation

SMD: Whinyffer introduces and talks about misinformation and disinformation.

SOC: Whinyffer and the co-hosts talk about how celebrities or social influencers can influence fake news.

### Algorithms

ACM: Whinyffer talks about an article she read that algorithms spread misinformation.

[VIS](#): Nishant talks about a study he read that explains that you don't need to interact with content, in order for the algorithm to notice that you've watched a video multiple times.

ART: Nishant talks about how algorithms can read your wifi web and recommend things that people that are connected to your wifi web might be interested in.

## **Solutions**

[KAS](#): Rafael gives some solutions to be able to identify misinformation and disinformation.

WIK: Rafael gives his opinion on how teaching kids in middle/high school can be an option for them to learn how to spot fake news.

UNT: All co-host give their opinion on how to resolve misinformation and disinformation.

[POY](#) : Nishant and the co-host talk about international laws in Europe about social media platforms and privacy and misinformation.

[HAR](#) : Nishant talks about regulations in the United states about disinformation on several social media platforms.
